Preparation for Insect Extermination
(Silver Fish, Fleas)

Kitchen

Remove all food, dishes, pots and pans from counter-tops, fridge top, stove-top.

Living Room

Pull all furniture away from the walls approximately 6 inches, if able to.
Cover all children's toys and articles, highchair, pet toys

Bedrooms

Pull all furniture away from the walls approximately 6 inches.
Remove all articles from closet floor.
Cover all children's toys, articles and bedding

Bathroom

Pull all furniture away from the walls approximately 6 inches.
Cover or put away toilet paper, tissues and toothbrushes.

General

Cover things that go in the mouth or near your face
Cover cots, changing mats, and highchairs
All pets (any air breathing animal) should be removed from the home during spraying and remain out of the home for minimum of 2 hours after treatment.
Cover or put pet's bowls in a cupboard
Cover fish bowls or tanks with plastic and leave in their original location.
Leave all plants where they are normally located. The treatment will not affect them.
Do NOT wash floors around the baseboards after treatment for a minimum of 14 days.
Pillows covered, some people cover bed spreads and sofas
Sweeping and vacuuming on a daily basis is recommended.
Wipe down all horizontal surfaces with warm soapy water after treatment.
Please remove all items off windows sills.
Place shelving paper or wax paper on the shelves and in drawers.
DO NOT WASH - shelves or drawers. PLEASE DO NOT USE ADHESIVE BACKED SHELVING PAPER

YOU MUST LEAVE THE PREMISES FOR A MINIMUM OF 2 HOURS AFTER TREATMENT.
IF YOU HAVE ANY TYPE OF BREATHING PROBLEM, CHEMICAL SENSITIVITY OR ARE PREGNANT PLEASE REMAIN OUT OF THE PREMISES FOR A MINIMUM OF 6 HOURS.

What to do after your house has been sprayed Inside

Wipe down benches, table tops, stove and microwave oven

Wash windows after about eight days

No water blasting, leave cobwebs for eight days before sweeping off.

Be aware that although most spiders/ants/cockroaches will die immediately, some that have been in concealed places may take a little longer. They need to walk across the spayed area.

If you have any concerns or problems, please contact Sandra.
